

# Your Comments

*Livable Streets for Tomorrow*

**1. Does the Livable Streets concept portray what you want your streets to look like?**     yes     no

**2. Which Livable Street elements are important to you?**     bike facilities     medians     landscaping  
 pedestrian facilities     roadway features (traffic calming, limited access, etc.)     other

Why? \_\_\_\_\_

**3. Where (i.e. specific streets or areas of the county) is it important to put the different types of Livable Streets (minimum, medium, full)?**

**4. Are there enough mobility arterials?**     yes     no

**5. Are the mobility arterials in the right locations?**     yes     no    If no, where do you think they should go?

**6. Do you want to spend tax dollars to apply Livable Streets to future projects?**     yes     no

Why? \_\_\_\_\_

**7. Use the chart to list streets where you would like to see changes. List your suggestions under the "features" column. Features can include: number of lanes, bike lanes, sidewalks, traffic calming, landscaping, medians, etc.**

Street	Starting Point	Ending Point	Features	Reason
EXAMPLE: Roosevelt St.	Overland Rd.	Emerald St.	bike lanes, side-walks	many cyclists and pedestrians use the street; safety
