

# ROADWAYS TO BIKEWAYS UPDATE **BIKE** MASTER PLAN

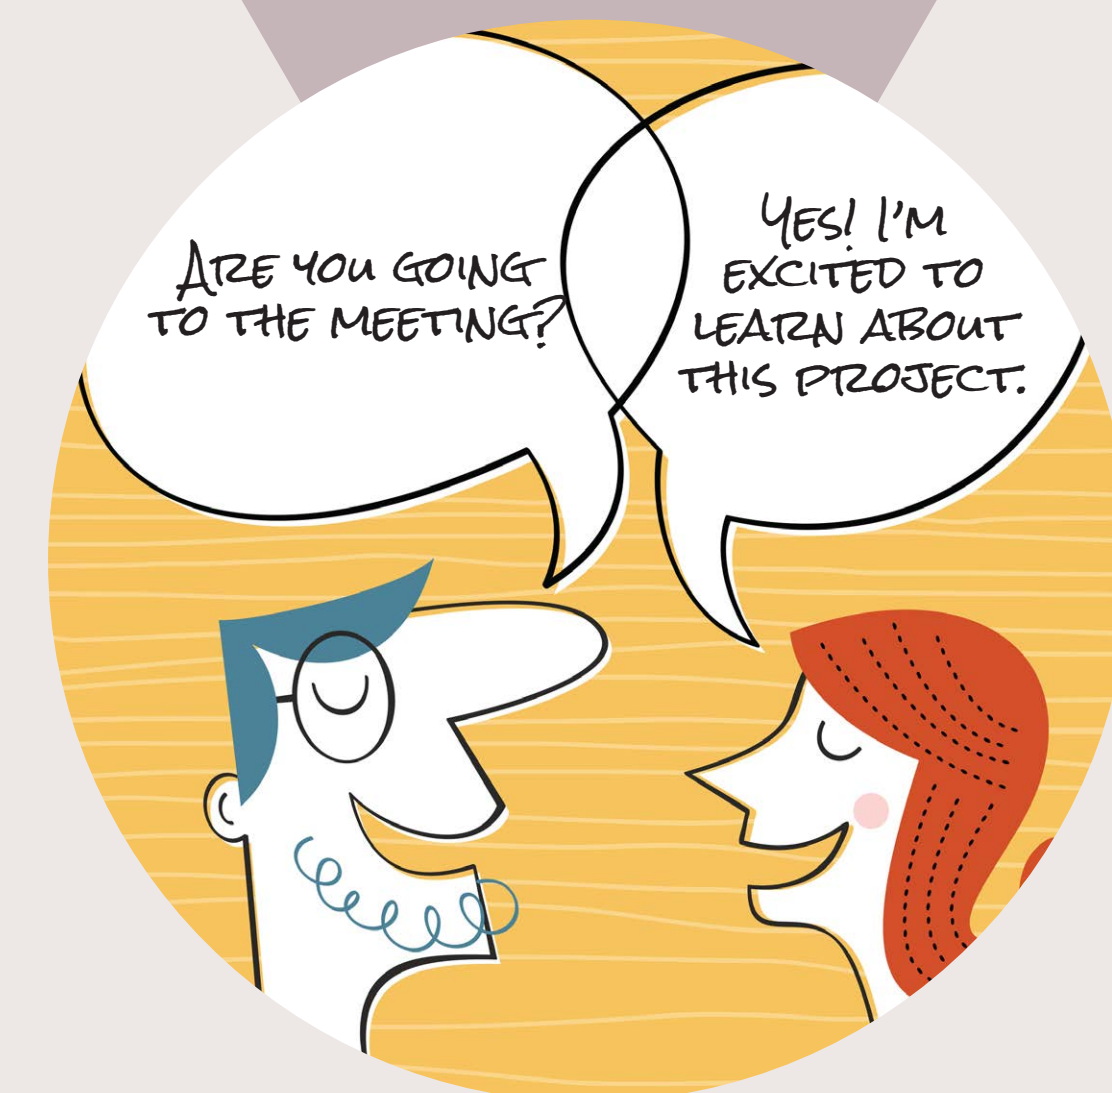

*ACHD is updating the 2009 Roadways to Bikeways Bike Master Plan. The plan originally identified opportunities to enhance and expand the existing on-street bicycle network. It's time for an update!*

## OUR GOALS

**We want to make sure everyone has a comfortable bicycle route, from kids biking to the pool, to experienced cyclists commuting to work.**

- Assess ACHD progress in achieving the Goals, Objectives and Actions items.
- Create performance measures that will assist ACHD in evaluating future bicycle enhancements to the roadways.
- Evaluate emerging trends and technology.

## THANK YOU!

Over the past few months the community has participated in our monthly Bicycle Advisory Committee meetings where we discussed the update and gathered your input.

**As a community you have helped us:**

**Amend the plan's goals and objectives**

**Determine comfort rankings**

**Find bike route gaps**
