

ROADWAYS TO BIKEWAYS UPDATE **BIKE** MASTER PLAN

ACHD is updating the 2009 Roadways to Bikeways Bike Master Plan. The plan originally identified opportunities to enhance and expand the existing on-street bicycle network. It's time for an update!

OUR GOALS

We want to make sure everyone has a comfortable bicycle route, from kids biking to the pool, to experienced cyclists commuting to work.

- Assess ACHD progress in achieving the Goals, Objectives and Actions items.
- Create performance measures that will assist ACHD in evaluating future bicycle enhancements to the roadways.
- Evaluate emerging trends and technology.
- Prioritize future bicycling projects.

WE NEED YOU!

You are invited to participate in our monthly Bicycle Advisory Committee meetings where we'll be discussing this update and gathering input from the community.
